

UNL SHIELD SERIES — STATE AVAILABILITY

PRODUCTS • AGE BANDS • STATE-BY-STATE MATRIX

Reference card • Use during contracting and at kickoff to set agency market scope • Rev. as of FYM activation

Use this matrix to determine which UNL Shield products you can market in each state your agency is licensed in. Bring this to the kickoff call so the FYM trainer can confirm your team's selling lanes before agents start quoting. *Always confirm current availability with FYM before launching a new state — rules change with state filings.*

HOW TO READ • HOW TO USE AT KICKOFF

- ✓ ✓ means the product is approved for sale in that state.
- ✓ — means the product is currently not available; do not quote.
- ✓ Cross-reference your agency's state licensure list with the rows above — pitch only the products that map to a state where every selling agent is licensed.
- ✓ Florida and Montana are recent additions — confirm with FYM before quoting in those markets.
